SHONEN JUMP ADVANCED

Rinka Hayami

Smart, skilled and cute but a bit of a wallflower. There's always a person like that in a class, isn't there?

pick up!

Karma Akabane

Class E student. A natural genius who earns top grades. His failure in the final exam of the first semester has forced him to grow up and take things a bit more seriously.

Story Thus Far

Kunugigaoka Junior High, Class 3-E is led by a monster who has disintegrated the moon and is planning to do the same to the Earth next March.

Although we have a lot of data on his weaknesses, we are still far from successfully assassinating Koro Sensei...

September Issue 2

Published by: Class 3-E Newspaper Staff

Tadaomi Karasuma

Member of the Ministry of Defense and the Class E students' P.E. teacher. Though serious about his duties, he is successfully building good relationships with his students.

Ryoma Terasaka

Class E student. Once a rebel and an outcast, he has gradually begun to fit in and is now a dependable assassin due to his great physical strength.

Even the armies of the world, with the latest technology, can't kill the super-creature Koro Sensei and collect the bounty of up to 30 million dollars! So it comes down to his students in the so-called "End Class." Thanks to Koro Sensei's dedication, they are becoming fine students who can academically outshine the top-ranking students at their school. Likewise, their assassination skills are rapidly improving under the tutelage of Mr. Karasuma of the Ministry of Defense, who is molding them into a professional team of assassins. The first semester is over and the clock is ticking. Will the students of 3-E successfully assassinate Koro Sensei?!

Irina Jelavich
A sexy assassin hired as an English teacher. She's known for using her "womanly charms" to get close to a target. She often flirts with Karasuma, but hasn't had any success so far.

Koro Sensei

A mysterious, man-made, octopus-like creature whose name is a play on the words "koro senti," which means "can't kill." He is capable of flying at Mach 20 and his versatile tentacles protect him from attacks and aid him in everyday activities. Nobody knows who created him or why he wants to teach Class 3-E, but he has proven to be an extremely capable teacher.

MUMURA AND MUMURA HAVE JOINED FORCES TO CREATE THE "WALLFLOWER-MURA COALITION"!

When you talk about wallflowers, you probably think of these two. They have secretly joined forces to make a big splash, but it looks like their coalition is on the verge of a breakup by vol. 11...

WALLFLOWERS

Gakuho Asano

The principal of Kunugigaoka Academy, who built this academically competitive school based on his faith in rationality and hierarchy.

Kaede Kayano

Class E student. She's the one who named Koro Sensei. She sits at the desk next to Nagisa, and they seem to get along well.

Nagisa Shiota

Class E student. Skilled at information gathering, he has been taking notes on Koro Sensei's weaknesses. He has a hidden talent for assassinations and even the Assassin Broker Lovro sees his potential.

Always assassinate your target using a method that brings a smile to your face.

I'm open for assassinations any time. But don't let them get in the way of your studies.

I won't harm students who try to assassinate me. But if your skills are rusty, expect a good scrubbing!

*THE JAPANESE EXPRESSION "GRINDING SESAME SEEDS" = THE ENGLISH EXPRESSION "POLISHING APPLES" = KISSING UP TO SOMEONE

A month after this graphic novel was published in Japan, *Assassination Classroom's* special English vocabulary book *Koro Tan* ("Koro Vocab") was published as well.

Ever since the inception of this series, I wanted to publish a study guide. Since the series is about a teacher who helps you raise your academic grades, I wanted to create a fun yet serious study tool that could actually help students.

There are many words and phrases students need to learn for their Japanese high school entrance exams. This collection of all-new illustrations of Nagisa and Terasaka trying to plan their assassinations, combined with a variety of English sentences related to *Assassination Classroom*, is designed to help you have fun while you study English vocabulary.

I apologize for advertising this book here, but I sincerely want to use my skills as a manga artist to help people learn. If you're interested, please drop by the bookstore and check it out. I would be overjoyed if you found it helpful to you in your everyday studies!

A Rainbow Face stands for everything! Happiness, anger,
sorrow, pleasure, pain, good and evil, merits and demerits, past and present...
A heartfelt thanks to all of you as the series reaches its 10th volume.
